

“Your upgrade is ready...”

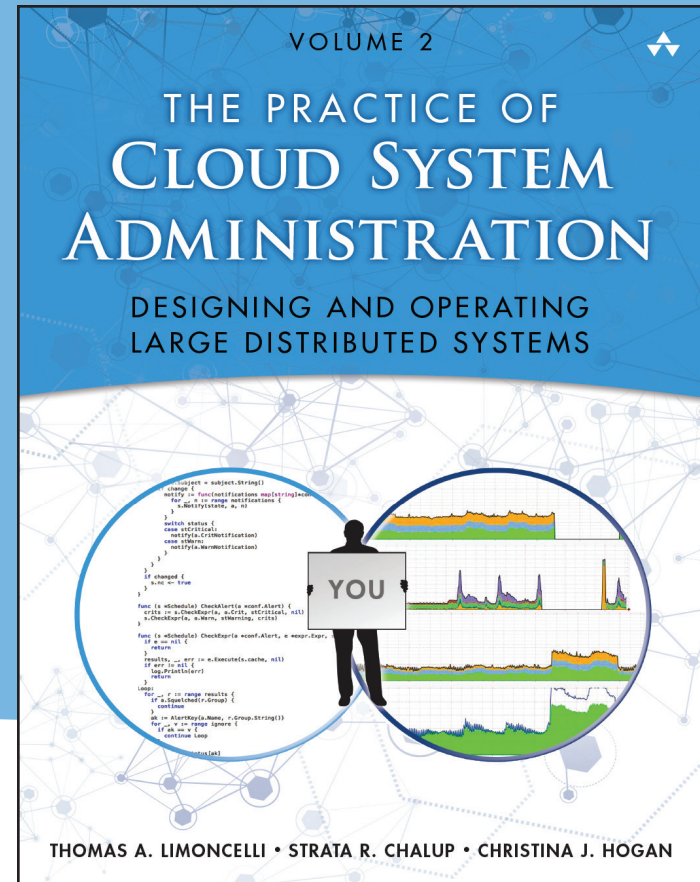

Volume 1 – Already a “Classic”

“I highly recommend it to anyone who wants to go past twiddling configurations into the realm of building a useable, stable, maintainable enterprise network.”

– Amazon Reviewer

Volume 2 – Just Published

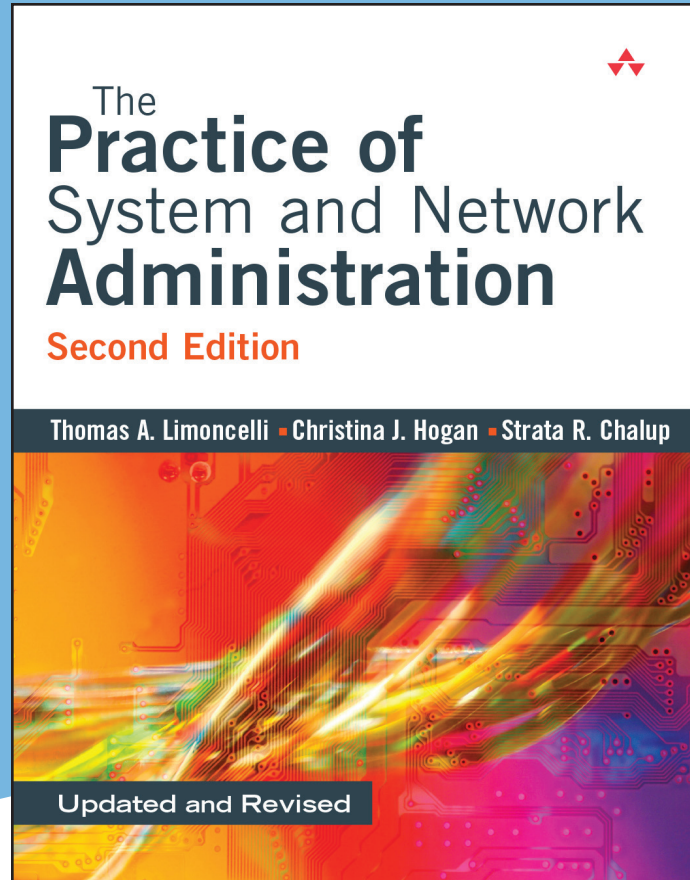

“There’s an incredible amount of depth and thinking in the practices described here, and it’s impressive to see it all in one place.”

– Win Treese, coauthor of
Designing Systems for Internet Commerce
